The underbar Fridge is made of 1.2mm grade 430 stainless steel with HCFC free foam injected polyurethane insulation 40mm thick and 50mm on top. of high quality. The unit can be ordered with or with out a splashback on the rear side. The doors has a magnetic rubber gasket for perfect sealing of the doors. Each Unit has a digital temperature display, and a Audible compressor overload alarm with red error light on digital display. The compressor is controlled by (HP/LP) switch to prolong refrigeration lifespan.
